Senior Portraiture

Being a Senior is an exciting time...

But it's also a confusing one.

When you're a senior, you have enough to worry about...
getting good grades, where to go to college,
girlfriends, boyfriends, cars...
the list never ends.

But when it comes to your senior photographs,
just leave the details to

About the Portrait Artist

Bob has developed a reputation of being one of the most creative and energetic photographers in the area. His innovative style and good natured approach helped him earn his Master of Photography degree from the Professional Photographers of America in January of 2012.

He is also recognized by his peers as an educator on the techniques of set building for fabulous senior photography.

Bob is a Past President, and a member of the Professional Photographers Association of New Mexico, a Past NM Director to the Southwest Professional Photographers Association and a National Councilman for NM to the Professional Photographers of America.

Good portraits do not just happen!
You've waited a long time to have your Senior portraits taken and we understand that you want these portraits to be the very best. Great service and personal attention are what you will receive when you walk through these doors.

Plan on enjoying the creative process.
Bob's relaxed, casual, easy to talk to and he's gonna take the time to make you look great.

What do you want your senior portraits to say about you?

Are you the outdoor type,

the athletic type,

the musical type,

the glamorous type?

Whether you're a natural in front of the camera,
or even a bit shy, we help you put together a senior
portrait that shows the real you in a way
that reflects your hopes and dreams.

Putting Price into Perspective

It's all in what you value!

Portraits are the primary visual representation of who we are and what we want to be. Now we get older and "move on" in life, but portraits (especially senior portraits) stick around for years, if not generations. So, when we had to decide what level of photography we wanted to give our clients, we thought about our own purchasing decisions. We realized that when we purchase something that goes "out into the world" to represent us, we want it to be as incredible as possible. So we decided that, even if it meant we had to charge a little bit more, we would give our clients the highest quality photographs possible and the most incredible service and photography experience anywhere. We simply won't skimp.

Everything we buy: food, cars, clothing, make-up... is most often purchased based on the brand name which it represents - the quality, style and service which we want. For portraits, people choose Images by Davids, because they know they're going to look great. Period.

There are hundreds of things that separate Images by Davids from other studios. Here's just a few:

No limits on different poses:

Some studios can't do full length poses, or they can't photograph you with large props. But at Images by Davids we aren't limited. We can do full-lengths, half-lengths, close up, indoor, outdoor - its no problem. Bring you car, truck, bicycle, dog.....

Our portraits are more lifelike:

Photography is the art and science of controlling light. Some studios have just one or two lights and they leave them in the same position for every pose and every person. Well, that just doesn't cut it at Images by Davids. We use lots of professional lights but we also take the time to position them carefully so you look great.

You can see the difference, but you've got to be here to believe it.

As with any product,

The Difference is in the Details

Commonly asked questions

What if my parents & I like different poses? No problem! We don't limit poses, we don't limit your pose choices, and we won't force you into any poses you don't want. Most seniors choose 8 or more different poses! You & your parents can get whatever you like!

Can I do a variety of expressions? Absolutely! We really like doing some smiles, some serious and some "in between". We think it's more realistic and gives you more variety. We've also found that serious expressions look pretty cool in black & white (but that's just our opinion). If you want all smiles, let us know - we're flexible, and in the end it's all about you loving how you look!

Can I afford Images by Davids? Absolutely. Our price structure fits any budget. We offer packages and an ala-carte system to fit your needs. You can mix and match. It's all up to you.

What do I wear & bring? You'll find that Images by David's puts special effort into helping you prepare for your photography session. During your consultation appointment you will see our "Senior" show which will give you great ideas for your own session. Recommendations from clothing to hair & nails. You can also check out the "Images Photo Rings" which show you hundreds more seniors.

Can I bring a friend? So that we may meet your goals, we like to have them clearly defined. A senior portrait session and our corresponding pricing is designed for creating great senior portraits of one person, and that's you! If you really want some photographs with a friend(s) or sibling(s) you should add on the Friendship Shots session. If you want a friend to come along to just hang out and watch, that's ok. But remember, for some people having a friend in the studio makes them a little more self conscience, and you're going to want to be as relaxed as possible. So, you make the call. But whatever you do, it works best when there are no more the three people in the studio.
You, the photographer and Mom (or some other guest.)
(Perhaps "mom" is the best choice.)

What if I don't like my portraits? Images by Davids has built a rock-solid reputation because of our commitment to excellence. So much planning and time goes into meeting your needs that we rarely have an unhappy client. However, if you are not satisfied with your images, please let us know. We'll make it right!

A Word About Our Policies

When scheduling your appointment

Due to the high demand for time in our studio, creation fees for your senior portraits must be pre-paid. This will allow us to schedule enough time for your session and any additional add-on segments you've chosen. Creation fees are non-refundable, but appointments may be rescheduled with at least 24 hours notice. This fee reserves the studio just for you, and includes the professional service of creating your images during that time.

When you see your previews

They'll be ready for you to view in about 10 days. You will be contacted by the studio and a "screening" appointment will be scheduled for you. You may place your order during this appointment at the studio or you may check your portraits out of the studio for 1 week with a \$250 non-refundable retainer, which will apply to your portrait order when the order is placed during your "ordering" appointment 1 week later.

When your portraits will be ready -

Quality Takes Time. Allow approximately four to five weeks from the time that your order is placed and paid in full. Additional time will be needed if special retouching or artwork is needed.

Rights and Ownership

All rights to, exclusive use, and ownership of negatives, files materials, and reproductions therefrom, are reserved by Images by David's for advertising, display, publicity, or otherwise.
